

# Talk on Alternating Time Temporal Logic

- as an introduction to ATL, please listen to the keynote presentation by Orna Kupferman as recipient of the Influential Paper award at the [AAMAS 2021 conference](#)
- the influential paper is the one where ATL was introduced: [Rajeev Alur, Thomas A. Henzinger, and Orna Kupferman. Alternating-time Temporal Logic. Journal of the ACM, Vol. 49, No. 5, pp. 672-713, September 2002.](#) (the pdf is also available on BB)
- the recording starts with a 3-minute introduction by the chair which has very bad audio, but the talk recording is fine
- [recording of Orna Kupferman's talk](#)
